

# Tract is searching for a new student landscape architect!

Tract is one of Australia's leading national design practices, with integrated Landscape Architecture, Urban Design and Town Planning.

We are currently searching for a stand out 3rd or 4th year Student Landscape Architect to join the team in our North Sydney office!

**The role is part-time, minimum of two days per week, with flexibility to fit around a university schedule as needed.**

## How to Apply:

Interested? Send your Resume, a Cover Letter, and examples of your work or a portfolio to [applications@tract.net.au](mailto:applications@tract.net.au) (please note your email must not exceed 15mb).

Applications close **9:00am on Monday 10 December 2018.**

## The Role

Work on a wide range of projects, including:

- Mixed use & public realm schemes
- Cycleways
- Streetscape
- Vast and focused scale projects

With us you will:

- Assist in a range of services from site analysis and concept design, to detailed design and documentation
- Assist in testing design options and finding the optimum solution for the context
- Visually communicating design ideas through a variety of media, including hand-sketching, Adobe Creative Suite and CAD (Microstation, SketchUp, Rhino)
- Assist in compiling reports at various project stages, from competition to documentation
- Work collaboratively on cross-discipline projects (an interest in Urban Design is particularly encouraged)
- Play a key role in supporting our departments
