

Tract 2019 Internship: Register your Interest

Tract Intern Program

Our intern program will provide an opportunity for three interns, one in each discipline of Landscape Architecture, Urban Planning and Urban Design, to work collaboratively on a joint research project.

The interns will be current University of Melbourne students at the Masters level, enrolled in MSD Vocational Placement subject (ABPL90307) in 2019. The intern program will run full-time from July 8 to 26, 2019.

Work alongside some of the industries most experienced professionals, as well as recent graduates, including former Tract internship alumni.
